Dear Sirs -

Please forward me the
priced Catalogue of the Leitch & Wilcox colls
Feb 15/16 - I remember Francis Leitch coming back
with 60% as a high priced collector. I thought he
died long ago - old lady Coogan did all the buying
at Auction for him - I think he was in St Louis or
New Orleans - I see you have handled some fine
Collections but I don't believe any had ever
equalled old Bushnell's, you were 140 then -
I see that Idler is dead lived to be over 90, I bought
of old Idler a Westcott 1804 collar in 1859 but
had to disgorge it as the most fossils were after him -
Can you tell me if Eben Mason's son is
living & where he can be found I Mason was
in Boston then back to Philad - some years ago

But before answering this unless you can give
Mr Mason (or) B's address -

Yrs truly
Frederick
